Elk Perceel zal worden opgeveild tegen den bepaalden inzet huur, en de hoogste bieder die niet minder dan zoodanige inzet huur heeft geboden zal de pachter verklaard worden voor een termijn van niet minder dan een jaar en niet meer dan vijf jaren.

De volgende zijn de Algemeene condities van al zoodanige verpachtingen:—

1. Een jaar huur zal aan den Civielen Commissaris op den dag der verpachting betaald worden en de gereedelijke betaling van de huursom vooruit voor de volgende jaren moet door goedgekeurde borgen verzekerd worden: mits echter de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2. Het Gouvernement behoudt het recht de Pacht te eindigen indien het wenschelijk wordt geacht het land te verkoopen of andere omstandigheden het noodig of wenschelijk maken ten eenigen tijde, na twaalf maanden kennis te geven; en in zoodanig geval zal het deel van de betaalde Pacht voor eenig onafgeloopen gedeelte van het loopend jaar aan den Pachter worden teruggegeven.

3. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunne assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuuren grond voor professionele doeleinden en het recht om eenig deel van het land te gebruiken, en hun vee en paarden te laten grazen op alle weiden en water te geven bij alle wateren.

5. Het reizende publiek zal het recht hebben uit te spannen langs eenigen weg loopende over land aldus gepacht.

6. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden.

7. De Regeering neemt niet op zich eenige bakens aan te wijzen. De beschrijving van het stuk grond zal op den pachtijd gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

8. De huurder mag geen hout, struiken of struikgewas hakken, behalve zooveel als redelijk noodig is voor eigen gebruik, in of op het land door hem gepacht.

9. De huurder heeft bij het vervallen of ander eindigen der Pacht geen aanspraak op schadevergoeding wegens verbeteringen gemaakt gedurende het termijn van zijn Pacht, maar de zulke zullen het eigendom worden van het Gouvernement.

10. De huurder is verplicht alle bestaande verbeteringen op het land in goede reparaties te houden gedurende den pachtijd en dezelve in goede reparatie af te leveren, maar hij heeft geen aanspraak op schadevergoeding daarvoor.

11. De huurder zal de pacht niet overdragen noch den grond of eenig deel daarvan onder-verhuren, of eenige gebouwen of opstallen daarop, zonder dat eerst de schriftelijke vergunning der Regeering verkregen is.

12. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarden.

13. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om, op aanbeveling van den Afdeelingstaad, na behoorlijk onderzoek ingesteld met medeweten van den huurder, herzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

14. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

Andere voorwaarden mogen op den koopdag genoemd worden.

De zegels, die volgens Wet 20 van 1884, aan het huurkontraat moeten gehecht worden, zullen vrij van onkosten door de Regeering aan den huurder verschaft worden.

EXTRADITION (FRANCE AND TUNIS) ORDER IN COUNCIL, 1909.

At the Court at Sandringham, the 2nd day of December, 1909.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY.

Lord President.
Lord Privy Seal.
Sir Dighton Probyn.

WHEREAS by the Extradition Acts, 1870 to 1906, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, His Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that His Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of His Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient;

And whereas a Treaty was concluded on the fourteenth day of August, one thousand eight hundred and seventy-six, between Her late Majesty Queen Victoria and the President of the French Republic, for the mutual extradition of fugitive criminals, and supplemented by a Convention concluded on the thirteenth day of February, one thousand eight hundred and ninety-six, in the case of which Treaty and Convention the Extradition Acts, 1870-1895, were applied by Order in Council of the twenty-second February, one thousand eight hundred and ninety-six:

And whereas a further Convention was concluded on the seventeenth October, one thousand nine hundred and eight, between Us and the President of the French Republic, the ratifications of which were exchanged at Paris on the twenty-ninth July, one thousand nine hundred and nine, which Convention is in the terms following:—

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and the President of the French Republic, being desirous of amending the provisions of Article II. of the Treaty between Great Britain and France of the 14th August, 1876, for the mutual extradition of fugitive criminals, have named as their respective Plenipotentiaries for this purpose, that is to say:

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India:

His Excellency the Right Honourable Sir Francis Bertie, His Ambassador Extraordinary and Plenipotentiary to the French Republic, etc.;

And the President of the French Republic:

M. Stephen Pichon, Senator, Minister of Foreign Affairs;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following articles:

ARTICLE 1.

Article II. of the Extradition Treaty of August 14th, 1876, is modified as follows:

"Each of the two High contracting Parties shall be at liberty to refuse to the other the extradition of its own nationals. In the case, however, of a person who, since the commission of the crime or offence of which he is accused, or for which he has been convicted, has become

naturalized in the country whence the surrender is sought, such naturalization shall not prevent the pursuit, arrest and extradition of such person, in conformity with the stipulations of the present Treaty."

ARTICLE 2.

The present Convention shall be ratified, and the ratification shall be exchanged at Paris, as soon as possible.

It shall come into force ten days after its publication in the manner prescribed by law in the respective countries, and shall have the same force and duration as the Treaty to which it relates.

In witness whereof the respective Plenipotentiaries have signed the present Convention, and have affixed thereto their seals.

Done, in duplicate, at Paris, on the 17th October, 1908.

And whereas a further Agreement was concluded on the 29th July, 1909, between Our Government and the Government of the French Republic, acting in its own name and in that of the Government of His Highness the Bey of Tunis, which Agreement is in the terms following:—

The Government of His Britannic Majesty, on the one part,

And the Government of the French Republic, acting in its own name and in that of the Government of His Highness the Bey of Tunis, on the other part,

The provisions of the Anglo-French Extradition Convention of October 17th, 1908, modifying Article 2 of the Anglo-French Extradition Convention of August 14th, 1876, shall apply to Tunis.

The present Agreement shall come into force at the same time as the aforesaid Convention of October 17th, 1908, and shall have the same duration.

In witness whereof, the undersigned, His Excellency the Right Honourable Sir Francis Bertie, His Britannic Majesty's Ambassador at Paris, and His Excellency M. Stephen Pichon, Senator, Minister for Foreign Affairs of the French Republic, have concluded the present Agreement, and have affixed thereto their seals.

Done in duplicate at Paris, on the 29th July, 1909.

Colonial Secretary's Office,

THE following translation of the Immigration Ordinance of German South-West Africa is published for general information.

NOEL JANISCH.

Under Colonial Secretary.

IMMIGRATION: GERMAN SOUTH-WEST AFRICA.

Ordinance in respect of Immigration into the German South West Africa Protectorate, dated 15th December, 1905, as amended by Ordinance, dated 12th June, 1909.

I.

The officers appointed to carry out these regulations may prohibit the immigration of any person:—

1. Who is not a white person.
2. Who is unable to establish his identity or give a satisfactory account of himself.
3. Who is not able to prove that he has sufficient means to support himself and his family.
4. Whose physical condition makes it probable that he will not be able to support himself permanently (who is likely to become a public charge).
5. Who makes a business of prostitution, or is party to the carrying on of prostitution as a business.
6. Who is a menace to the peace of the Protectorate or to the public safety.
7. Who is unable to sign his name in the characters of some European nation.

II.

The Immigration of persons domiciled in the Protectorate may not be prohibited.

III.

In the case of a person who arrives from a country which has placed such restrictions on immigration as would prevent his return thither, or make his readmission doubtful, immigration will only be permitted if, in addition to the other necessary qualifications, he is able to produce a certificate from the German Consulate in the country from which he comes, to the effect that the Consulate is not aware of any reason why exception should be taken to his immigration.

IV.

A person who has been refused permission to immigrate may be permitted to enter the country, if he deposits security, and on the understanding that he shall be able to explain away subsequently the reasons assigned for the prohibition. If, in such a case, the immigrant is unable to explain away the reasons assigned for the prohibition within six months from the date of entry, or, if within that period fresh cause for prohibition has arisen, an order may be issued for his removal. The security deposited is in such case forfeited to the Treasury to cover the costs of expulsion.

V.

Any person, who in contravention of Sections I. to IV. above, contrives or attempts to contrive the immigration of himself or any other person, is liable to a penalty of £30 or three months' imprisonment; and in addition any person who has immigrated in contravention of these Regulations may be removed.

Notes on the above Ordinance by His Majesty's Consul in German South-West Africa.

The Immigration Officers are allowed a great deal of discretion in the discharge of their duties.

The best recommendation that an immigrant can bring with him is a certificate of good character from the head of the Criminal Investigation Department.

Immigrants who have no definite appointment awaiting them in the Protectorate may be called upon to prove that they possess a minimum sum of 800 to 1000M (£40 to £50).

For purposes of identification a passport signed by some person authorised to issue passports is required.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

[110.]

[1910.]

Colonial Secretary's Office,
Cape Town, 29th January, 1910.

THE following letter from His Majesty's Consul at Luderitzbucht is published for general information.

NOEL JANISCH,
Under Colonial Secretary.

British Consul for German South-West Africa,
Luderitzbucht, 20th January, 1910.

REAPPOINTMENT OF LEGAL REPRESENTATIVES
IN GERMAN SOUTH-WEST AFRICA.

SIR.—I have the honour to draw attention to section 3 of the mining laws of German South-West Africa, which should be made known for the information of British subjects interested in mining and other enterprises in this country. The following is a translation of the section referred to:—

"Persons not domiciled or permanently residing in the Protectorate and Companies and Associations not possessing domicile there within the meaning of paragraph 17 (21 of the Civil Code) are required to appoint a permanent resident by legal or notarial act to represent them in all matters in which they are concerned affecting prospecting and mining whether of a judicial or non-judicial nature, and to designate the same to the Department of Mines. The Governor is authorised to declare domicile, and temporary or permanent residence in such parts of the Protectorate as are so situated as to make communication with the seat of the Office of Mines particularly difficult as equal to or tantamount to domicile or residence beyond the boundaries of the Protectorate.

"Pending compliance with the obligation set forth in the preceding paragraph the Governor is authorised to appoint a representative of any party concerned at the expense of such party."

The object of this section is obvious and the principle underlying it is applicable to all transactions which may involve correspondence with a Government Department. The Government will not enter into correspondence with parties abroad as it is necessary for the prompt despatch of business that some person on the spot should be empowered to act on their behalf. It is also in the interest of parties concerned to appoint an agent to take charge of their affairs. Regulations are sometimes altered at short notice, and important official announcements fixing a time limit within which certain acts may or must be performed are considered as published as soon as they have been posted on a Government Notice Board. Individuals need not be advised, and as the time begins to run from the day on which the notice is posted persons residing at a distance might very conceivably not become aware of facts vital to their interests until it has become too late to preserve them.

As a general rule it would be advisable for persons outside the Protectorate to appoint a representative in the district in which their principal interests lie, with power of substitution in case it should be necessary to approach the authorities in another district.

I have the honour to be,

Sir,

Your obedient Servant,

E. MÜLLER,
Consul.

The Right Honourable the Prime Minister
of the Cape Colony.

COMMANDANT-GENERAL'S MEMORANDUM TO
VOLUNTEER FORCE, 1909.

THE following comments on the work of the Volunteer Force during the past year, and suggestions for training during 1910, are published for the information and guidance of all concerned.

Cape Colonial Division, Royal Naval Volunteer Reserve.

Captain P. W. Dumas, M.V.O., R.N., carried out the inspection of the Cape Colonial Division, Royal Naval Volunteer Reserve, on the 4th December, 1909. His remarks and advice have been communicated to the Commander of the Division for his guidance.

I am glad to note that this unit has maintained the excellent standard of efficiency obtained by its Signallers last year, and congratulate those concerned on the result of their work in this respect.

Field Artillery.

I was much gratified to receive a satisfactory report on the progress made by the Cape Field Artillery, from Major H. W. A. Christie, Royal Field Artillery, who has carried out the inspection of this unit upon two previous occasions, and was consequently well able to judge whether or not satisfactory progress had been made.

During the operations carried out at my inspection at Cape Town on the 27th November, 1909, the Battery showed considerable mobility, and was satisfactorily handled.

I think that more attention should be paid to the individual instruction of Gunners with regard to the ammunition, equipment, and small stores, etc., of the gun with which the Battery is armed.

It is essential that all ranks should be acquainted with the quickest and best methods of replacing the casualties which may be expected to occur amongst the animals of the Battery during an engagement.

The Senior Officer of the Royal Field Artillery present at the Camp of Instruction for Infantry held at Glen in August last, drew special attention to the undesirability of guns changing their positions during a critical period of an Infantry attack. Any change of position which may be deemed necessary should be carried out before the Infantry is launched on the final stages of the attack. Prior to deciding upon such changes of position, it should be realised that the fire of modern Field Artillery is not, within certain limits, materially affected by the range, and that unless undoubted advantage is to be gained by taking up a position at a closer range it is preferable for the guns to remain in a position from which the range and other details necessary to keep up an effective fire on the enemy's position have already been ascertained.

I noticed on occasions a desire on the part of Officers to occupy a position from which indirect fire could be utilised in preference to one from which the guns could be laid direct over the sights, even when the latter position was but little more exposed than the former. No doubt a concealed position possesses advantages, but it has its drawbacks amongst which may be included:—

1. Delay caused in laying out the line of fire.
2. Difficulty in switching from one target to another.

It must ever be remembered that the first duty of Artillery is on all occasions to render its best support to the other arms, and Officers, therefore, when selecting positions for their guns, should be careful not to allow the importance of cover to take precedence of effect.

Garrison Artillery.

During the past year the Cape Garrison Artillery was inspected by Lieutenant-Colonel W. R. W. James, Officer Commanding, Royal Garrison Artillery, South Africa, and the remarks of the Inspecting Officer have been communicated to the Officer Commanding, Cape Garrison Artillery, for his guidance.

Mounted Troops.

I have received several reports from Officers who have assisted me at inspections, that the mounted troops lacked smartness in mounting and dismounting. A Rifleman cannot be regarded as "efficient" unless he can get on and off his horse with celerity.

A man who is not a quick active horseman, or an animal which is difficult to mount or lead, is out of place in the ranks of a Squadron of Mounted Infantry. Numerous instances occurred during the Zulu and Basutoland Wars

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

which impressed upon all who witnessed them the advantages to be derived by special attention being paid to this portion of the training of a Mounted Rifleman and his mount.

I think that practice in swimming their horses might be undertaken with advantage by Light Horse units. The value of such training needs no comment. It may be that this has already received attention, for unfortunately the financial situation has precluded anything but haphazard inspections by myself of small parties of Light Horse Volunteers since 1906. In any case I wish to impress upon those concerned that the training should be carried out whenever possible.

Infantry.

A tendency was apparent at several inspections to regard Field Operations as mere Drill Exercises to be carried out in a routine manner, and no trouble was taken to adopt formations suitable to the ground, which some Officers did not study and consequently failed to make full use of.

I was glad to note on some occasions that covering fire was effectively employed. The importance of the use of such fire to assist the movements of troops manœuvring under fire cannot be over estimated. A clear statement of the circumstances in which such fire should be employed is to be found on page 117 Infantry Training.

I wish to impress upon Company Officers and Non-commissioned Officers that under the conditions of to-day the success of an operation depends almost entirely on the manner in which they carry out their duties as Leaders.

Company Officers should appreciate the different situations which arise during the course of an engagement, and use their own initiative in dealing with them in conformity with the general idea.

The accuracy of modern Artillery fire is such as to demand that Infantry when coming even under distant Artillery fire should extend. On one occasion at least I noticed that the reserves though under Artillery fire, which would have been effective, though at long range, remained in close formation. Such formation should, immediately the troops concerned come under the fire of Artillery, be changed for one sufficiently extended to neutralise the effect of the fire as far as possible.

Passing of Orders.

I noticed in several units considerable improvement in the passing of orders along the firing line and in communication generally. There is, however, room for further progress in this respect, and I would impress upon all that men will not pass orders or distribute information in action unless they do so from force of habit ingrained in them in time of peace. During an action there are far too many events to distract the attention of troops in the firing line to ensure that the latter will do more in the above respect than they are always accustomed to do. On every occasion, therefore, of field manœuvres Officers should insist upon the passing of orders and general transmission of information in the course of the action.

Scouts.

Not the least valuable feature of the Volunteer Force is the good average intelligence of its members, and any special form of training which employs such intelligence to advantage should receive attention. In every Volunteer unit are to be found men able to speak the languages peculiar to the country, intimately acquainted with local conditions, and accustomed to the veld. A judicious selection from among such Volunteers and the training of the men chosen in reconnaissance, observation, reporting, and all the duties of a scout by an energetic Officer or Senior Non-commissioned Officer would appear to be a means of providing every unit in peace time with a small body of intelligent active men able to procure, bring back, and clearly report a reliable summary of any situation which might confront them in war. The necessity for carefully picked men of good judgment for reconnaissance and orderly duty in the field has been proved over and again in every campaign, and the selection of such men at leisure in peace time should produce valuable results in war, bearing in mind the peculiar local conditions of South Africa.

The above suggestion is therefore put to Commanding Officers as a means of increasing efficiency and stimulating interest in work which is likely to produce excellent results.

Any Commanding Officer who desires to make a trial of the suggestions should communicate his wish to Headquarters, when details as to the proportion of Scouts to the strength of the unit, etc., can be furnished.

Handbooks on the system of training adopted in Regular units can be purchased.

The training therein described might, in a modified form, be adopted in Volunteer Units.

Occupation of Position.

The difficulty of estimating the actual value of a commanding position appears, in spite of repeated lessons, of which war in South Africa furnishes a goodly proportion, to be so general that it seems well to draw attention to the subject. Rarely is a hill occupied but on some portion or other of the position the omission to push troops well down the slopes leaves dead ground, which might be covered by fire, to the enemy to conduct his approach in safety and unobserved. Whether a fancied security, due to the fact of being at the greatest height possible, or a hesitation to push troops down caused by a fear of their being compelled to return to the summit under fire is the cause of this curious and ever recurring oversight is difficult to determine. There is, however, no doubt that the error is constant. A careful consideration of points III., V. and VI. of paragraph 2, Section 98, page 105. Field Service Regulations, Part I., in conjunction with a study of the action of Spion Kop in 1900, should enable any Officer to form a good estimate of the vital importance of observing and covering the whole area of possible advance against a position for the defence of which he may be responsible.

Signalling.

From the report of the Inspector of Signalling there appears to have been no general effort made to overcome the faults to which attention was drawn last year.

The following comments should be read and studied together with those referred to above.

Signallers at a sending terminal should recollect that:—

1. The Caller superintends generally the sending of a message, and is responsible that it is sent as called.
2. If a message is read badly the fault probably lies with the sending station.

3. When using the Heliograph the sender must keep his eye on the "shadow spot," and not on the distant station.

4. If a word or group is not answered it should be sent again, after a pause, without any further order from the Caller.

Signallers at a receiving terminal should recollect that:—

1. The Reader must not take his attention off the distant station until he reads the acknowledgment to R.D.

2. The Reader criticising the sending of the Distant Station while reading, is not only likely to cause mistakes, but is indicative of bad station discipline.

3. The Writer, and not the Reader, is responsible generally for the receiving of the message.

4. V.E. is not the signal for each signaller to look over the writer's shoulder to help count the message.

Until more attention is given to the duties detailed in Chapter VI. of the Signalling Regulations, accuracy and rapidity cannot be attained.

Machine Guns.

The general improvement in the knowledge of the mechanism of the Maxim gun possessed by members of Machine Gun Detachments is very satisfactory.

The following faults were noticed:—

Loading.—In some cases the loading motions were performed too hurriedly, with the result that a fault in feed occurred.

The crank handle must be passed over on to the Buffer Spring before the belt is pulled; and must then be allowed to fly back.

Unloading.—Instances occurred when on the command "Unload" Numbers 1 were not quite certain what to do. On two occasions the crank handle was passed over on to the Buffer Spring once only, with the result that when the double button was pressed a round was fired.

In other cases the lock spring was left compressed.

Firing.—The elevating hand-wheel must be held with the left hand, not the right, and should be seized as soon as the gun begins to fire.

In two cases men were noticed firing with both hands on the traversing handles.

Cleaning the Gun after firing.—This is most important, and appears to be always done by the Sergeant-Instructor.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

In several cases men had never cleaned the gun, or seen it cleaned, though they had some idea of how it should be done.

All members of Gun Detachments should be practised in cleaning the gun on all possible occasions.

Future System of Annual Inspection.

Hitherto at my inspections I have arranged for the execution of a tactical scheme, which has been prepared by the Regimental Commander and submitted for my approval beforehand, and this system has served its purpose. I have, however, come to the conclusion that this system has been in vogue sufficiently long, and I propose, if it is my duty to carry out any further inspections of the Cape Colonial Forces, to alter the plan of my inspections.

In the coming year, at such inspections as may take place, I propose to visit the ground beforehand and select the area for the work myself. The Regiment to be inspected will then be paraded on the day of inspection and marched out to the scene of operations which has been chosen, and on arrival the Commanding Officer will be furnished with the necessary idea for a tactical scheme, which will then be worked out.

The progress which I consider has been made justifies this advance, and the plan will have the additional advantage of enabling me to be aware beforehand of the extent of the area over which it is proposed to work. I have on several occasions in the past year found that the ground selected has been too extended to afford me proper opportunity of judging of the efficiency of the unit concerned.

INCOME TAX, 1909.

PUBLIC NOTICE TO MAKE RETURNS.

IN pursuance of "The Income Tax Act, 1909," which imposes an Income Tax upon incomes exceeding £50, arisen or accrued during the year ended 30th June, 1909, and in respect of the occupation of houses during the said year which together with land occupied therewith were of the value of £75, notice is hereby given that the following persons residing in the Division or District of Alexandria are required to furnish at this Office within thirty days of the date hereof, returns for the purpose of the assessment of Income Tax of incomes arisen or accrued to them either personally or in any representative capacity during the year ended 30th June, 1909 :—

- (1) Every Public Officer of a Company ;
- (2) Every person whose taxable income during the year ended 30th June, 1909, exceeded £300 ;
- (3) Every other person liable to tax who has not already been assessed for Income Tax in respect of income arisen or accrued or occupation during the said year.

No female whose income during the said year did not exceed £300 is liable to tax, but the income of a woman married with or without community of property, and living

with, or not legally separated from her husband, is deemed to be income accrued to her husband, and such income must be included in his return.

Any person who may not receive a form applicable to his particular case may obtain such form on application to me.

No person is exempted from the penalties in the next succeeding Sections mentioned by reason merely of the fact that

- (1) Such person may prove not to be liable to taxation, or
- (2) That such person may not have been called upon individually to render a Return.

Any person or company making a false return is liable under the said Acts to a penalty of £100, and to be assessed double the amount of Tax to which he otherwise would be charged ; and any person whether liable or not liable to tax failing to furnish the prescribed Return within the prescribed time, or to furnish any further or fuller Return required from him, is liable for each offence to a penalty of a fine not exceeding £10, or, in default of payment, three months imprisonment with or without hard labour.

NOTICE is hereby given, in terms of Section 43 of Act 32 of 1906, that a Petition has been presented to the Honourable the Commissioner of Crown Lands and Public Works, praying that a certain area in the Divisions of Swellendam and Riversdale may be constituted an Irrigation District.

- (s) No coloured person, being a member of the Dutch Reformed Church of the Province of the Cape Colony, shall be entitled to claim membership of the United Church in the adjacent Provinces, but his status as regards such membership in the adjacent Provinces shall be the same as the status of coloured persons in such other Provinces within the Union.

BY HIS EXCELLENCY MAJOR-GENERAL HENRY JENNER SCOBELL,

GOD SAVE THE KING!

Given under my Hand and the Public Seal of the Colony of the Cape of Good Hope, this 31st day of January, 1910.

H. SCOBELL, Major-General,
Officer Administering the Government.

By Command of His Excellency the Officer Administering the Government, in Council.

N. F. DE WAAL.

No. 38. 1910.

SCHEDULE.

Amended Regulations for Election of School Committees (framed in accordance with Section 42 of School Board Act No. 35 of 1905, Section 6 of School Board Act Amendment Act No. 25 of 1906, Section 47 of School Board Further Amendment Act No. 45 of 1908, and Section 16 of School Board Further Amendment Act No. 25 of 1909).

1. Where an election of a Committee shall become necessary in accordance with the provisions of Sections 41 and 44 of the School Board Act, 1905, the School Board in whose District the school in question is situated, having fixed the number of members of such Committee, being not less than three nor more than seven, shall forthwith fix a time and place for a meeting of parents and guardians to elect a School Committee, and shall appoint and instruct a competent Election Officer who shall conduct the poll and be the Returning Officer. The person appointed shall not in any way be directly interested in the election. No teacher of the school concerned, no candidate, proposer or seconder of candidate, shall be entitled to act in such capacity above mentioned.

2. The Election Officer shall give three weeks' notice of such meeting by causing to be affixed, in a conspicuous place at the school, a notice, as in the Form (in English and Dutch) subjoined hereto. Further, where desirable and practicable, he may advertise the purpose, time and place of meeting in an English and in a Dutch newspaper circulating locally, and may also use such other means of publication as may be found expedient.

3. The meeting of parents and guardians having duly assembled at the appointed time, the Election Officer shall call for nominations; each nomination shall be by a proposer and seconder, both of whom shall be parents or guardians of pupils attending the school for which the Committee is being elected. Nominations when not made in person, shall be in writing, the signatures of the proposer and seconder being duly attested.

4. The names of parents or guardians appearing in the admission register of the school concerned at the date of the nomination of members for the School Committee shall be regarded as the list of those persons qualified to vote at the election of the said Committee.

5. If the number nominated as members be equal to the number or less than the number to be elected by the parents or guardians, the Election Officer, having satisfied himself that the nominees and their proposers meet the requirements of the Act, shall at once declare the persons nominated to be duly elected, and report the names of the members so elected to the Secretary of the School Board; and in the case of any dispute the matter shall be referred to the School Board for decision.

6. Should the number of members nominated fall below the number of members of the Committee previously determined upon by the Board, the Board shall at its next meeting appoint the number requisite to complete the Committee.

7. When the number of candidates is found to be greater than the number to be elected, the Election Officer shall call upon the duly qualified voters present to elect (by a show of hands, or by an informal ballot taken on the spot, at the discretion of the Election Officer) the requisite number of members from the persons duly nominated, and the result of such election shall be held to be final, unless a poll be then and there demanded by or on behalf of any candidate. Should there be a tie in the number of votes cast for two or more candidates the Election Officer shall, if necessary, have lots drawn in his presence by the candidates concerned or their duly appointed representatives.

8. In case a poll is demanded, the Election Officer shall at once fix a day for the election, which shall not be less than two and not more than three weeks after the day of nomination.

9. Where an election of members is thus necessary, the Election Officer shall, within one week of the day of nomination, post or deliver by hand a Voting Paper, as printed at the end hereof, to every parent or guardian (eligible to vote at the election of a School Committee), and a record of the names and addresses of the parents and guardians to whom such voting papers are sent shall be kept.

10. If a qualified voter shall lose or spoil or fail to receive his voting paper, the Election Officer may, on written application therefor, issue a second or further paper, record thereof being duly kept.

11. A parent or guardian whose name appears on the Admission Register of any school where an election of members of a School Committee is taking place shall only exercise a single vote for each of the members to be elected to the Committee, irrespective of the number of children of such parent or guardian attending the school.

12. Should a father be entered in the Admission Register as the parent or guardian of any child and for the same household the mother's name should appear in the Register in respect of another child, one or other of the parents, but not both, shall have the right to vote at the election of the School Committee, but the mother alone shall have the right to vote in the case of any child or children of hers by a previous marriage, in respect of whom her name appears in the Admission Register as parent or guardian.

13. The Voting Paper may be either posted to the Election Officer at his address, or may be handed in to him at the polling place.

14. No Voting Paper shall be received by the Election Officer later than 5 p.m. on the day of election, nor shall Voting Papers be received by post by the Election Officer later than 6 p.m. on such day; and the Election Officer shall, immediately or on the day following the election, as he thinks fit, scrutinise and count the Voting Papers submitted, in the presence, if desired, of the candidates or their duly nominated representatives, and communicate the results of the election to the Secretary of the School Board.

The completed Voting Papers, while in the hands of the Election Officer, shall be duly safeguarded, and their contents shall not be divulged to any person other than as provided in these Regulations.

15. At the time of the counting and scrutiny of the votes referred to in the preceding section, the Election Officer may require the attendance of the Principal of the School with the Admission Register, so that any doubtful points in regard to the voters may, if possible, be elucidated. Should there be a tie in the number of votes cast for any two or more candidates the Election Officer shall, if necessary, have lots drawn in his presence by the

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

candidates concerned or their duly appointed representatives, in order to decide the matter.

16. If the Election Officer shall see fit to reject any Voting Papers, the reason for such rejection shall be endorsed thereon, and they shall be specially set aside and forwarded to the Secretary of the School Board, together with all Voting Papers and election papers.

17. In case the results as declared by the Election Officer shall be disputed by any candidate, or exception taken by any person to the same or to the conduct of the election, such protest shall be made to the Secretary of the School Board within one week of the date of the election, and the Board shall decide, and, if further objection be made, the matter may then be referred to the Superintendent-General of Education for his decision.

18. When a vacancy may have arisen, in the circumstances specified in Section 16 of the School Board Further Amendment Act No. 25 of 1909, the Chairman of the Committee, or in his absence the Secretary, shall call the special meeting provided for in that Section. Notice of such meeting shall specify the purpose for which it is called and shall be communicated in writing to each member of the Committee.

19. The date of the meeting shall not be less than seven days after the date of the notice.

20. The first meeting of the School Committee shall take place within three weeks of the election, on a day and at a convenient place to be fixed by the School Board, and these details, together with the names of the members elected, shall be published by the Board in a notice to be fixed at the school concerned one week after the election shall have been reported, no protest having in the meantime been lodged. Further, the members elected shall be informed of their election by letter from the School Board, which shall also fix the date of the first meeting, and their names shall likewise be transmitted to the Department. Meetings thereafter shall take place at least every two months, the place and time of meeting being fixed by the Committee.

21. The Election Officer shall keep a full account of all expenditure incurred in the election, obtaining in all cases vouchers in duplicate, and such accounts must be rendered to the Secretary of the School Board for the area.

22. The Election Officer shall provide himself with a copy or copies of these Regulations, to be available for reference, as far as possible, by the public.

53. Whenever in the opinion of the Board any horse, mule or ass is kept on any premises, whether or not being premises sanctioned by the Board as in the preceding Regulation No. 52 provided for, so as to be a nuisance or danger to health or liable to pollute any water which the inhabitants have a right to use, it shall be lawful for the Board, by written notice, to require the owner or occupier of such premises, within a time to be mentioned in such notice but not being less than twenty-four hours from the date of such notice, to remove the cause of and abate such nuisance, danger to health or liability to pollute such water, as the case may be, and to carry out such work or do such things as by the Board may be deemed necessary for the said purpose, and upon any owner or occupier failing to carry out within the time specified all or any of the requirements of such notice, the Board may forthwith prohibit the keeping of any horse, mule or ass, as the case may be, on such premises, and such owner or occupier shall upon conviction be liable to the penalty provided for a contravention of these regulations.

54. Any person contravening any of these regulations, or any order lawfully made thereunder shall be liable on conviction to a penalty of not exceeding five pounds, and to a penalty of not exceeding forty shillings for each day during which such contravention shall continue after written notice thereof from the Board.

Keeping of Animals.

55. No person shall keep any swine, cattle, sheep or goats on any premises without the written sanction of the Board first obtained specifying the premises in respect of which such sanction is given, the nature and extent of accommodation for animals to be provided thereon, and the number and kind of animals which are permitted to be kept, and the Board may, as it shall deem fit, refuse such sanction or from time to time vary, amend or annul any such sanction already given, provided that whenever the Board shall refuse, vary, amend or annul any such

sanction the applicant for, or holder of such sanction, as the case may be, shall be notified in writing of the grounds upon which the Board has refused or varied, amended or annulled such sanction.

56. The Board shall refuse to sanction the keeping of swine, cattle, sheep or goats in any portion of its district where, owing to the nature of the surroundings or the density of the population, the keeping of swine, cattle, sheep or goats would be liable to cause a nuisance or danger to health or to interfere with the comfort of the inhabitants, and in no case shall swine be allowed to be kept within a distance of thirty feet of any dwelling or public building, or in such proximity to any street as to be likely to cause a nuisance or offence.

57. Every cattle kraal, cow-shed, pig-sty or other structure intended for the keeping of swine, cattle, sheep or goats shall be, to the satisfaction of the Board:

- (a) Constructed of proper materials and in suitable manner.
- (b) Provided with a hard, impermeable, well-laid and suitably inclined floor.
- (c) Provided with proper means of drainage, to be kept at all times in good order.
- (d) Provided with suitable means for collecting and disposing of all manure, filth or rubbish, and all such manure, filth or rubbish shall be removed therefrom as often as may be required to keep such cattle kraal, cow-shed, pig-sty or other structure in a clean and sanitary condition, but not less frequently than once in each week.
- (e) Provided with a suitable and sufficient supply of water.
- (f) Kept at all times in a clean and satisfactory condition throughout.

58. Any person contravening any of these regulations, or any order lawfully made thereunder, shall be liable on conviction to a penalty of not exceeding five pounds, and to a penalty of not exceeding forty shillings for each day during which such contravention shall continue after written notice thereof from the Board.

59. In the foregoing regulations the terms "dwelling," "public building," "street" and "district" shall have the meanings respectively assigned to them by Section 2 of Act No. 23 of 1897.

Regulations dealing with the Erection of New Buildings, and for Preventing the Erection of Insanitary and Unhealthy Dwellings.

(Section 9 Sub-section 3 (a) of Act 23 of 1897.)

60. In the following regulations new buildings shall mean and include any house, hotel, school, factory, shop, store, office or other business premises, or any other structure, the whole or any part of which is intended to be, or is capable of being, used as a dwelling or as a place of occupation or resort by one or more persons, or any alteration to any such building involving the removal of the roof or the pulling down of any external wall or the construction of any new room in or in connection with such building, but shall not include repairs or minor alterations to any building.

61. No person shall erect any new building without the approval in writing of the Board first obtained.

62. Every person intending to erect any new building shall give at least fourteen days' notice in writing to the Board of his intention so to do, and shall at the same time deposit with the Board in duplicate a plan of the said building showing position of the building in relation to any existing structures or any street, together with position of rooms, passages, windows, doors, chimneys, and ventilating openings and the sanitary conveniences and the intended mode of drainage, and the thickness of the foundations and walls for the Board's approval.

63. The Board shall within fourteen days of the receipt of the plans mentioned in the last preceding regulation, notify the person submitting them whether they are approved of. If they be approved of, one copy of each plan shall be returned to the applicant bearing a certificate under the hand of the person duly authorised thereto by the Board to the effect that it has been duly approved of by the Board, and the other shall be retained by and become the property of the Board: if such plans are disapproved by the Board, the Board shall within a like period notify the applicant of the fact in writing, and of the reasons for such decision.

64. Every such approval shall lapse unless the work shown on the plans approved of shall be commenced within one year of the date of such approval.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

65. Every person to whom such approved plans shall have been returned, shall, before beginning to execute the work, notify the Board in writing of the date on which he proposes to commence such work.

66. Every new building, the walls of which are constructed of brick, stone or other absorbent material, shall be constructed to the satisfaction of the Board.

67. Every person who shall erect a building shall, to the satisfaction of the Board, provide for the sufficient ventilation of all spaces under floors.

68. Every new building shall be constructed with proper guttering, with rainwater pipes, so as to conduct the water from the roof, away from the foundations of such building.

69. Every room and every building shall be sufficiently lighted and ventilated by natural means to the satisfaction of the Board.

70. The roof of every new building and every existing building hereinafter uncovered shall be composed of material approved of by the Board.

71. If any person erecting any new building shall proceed in any way without the approval of the Board or contrary to these regulations or otherwise than in accordance with the plans, elevations, sections and specifications as approved of by the Board, it shall be lawful for the officer duly authorised thereto by the Board, immediately on detecting such contravention, to give notice to such person in writing requiring him within a reasonable time and not less than seven days from the service of such notice to comply with the regulations or with the approved plans and specifications, and if such person shall fail or neglect to do so the Board may cause such work or thing to be done as may be necessary to secure conformity with these regulations and with the approved plans and specifications, and the expense incurred in so doing shall be recoverable from the person in default in addition to any penalty which may be inflicted for a breach of these regulations.

72. Every person intending to erect a new building shall provide at the rear or side thereof an open space of sufficient extent but of not less than 150 square feet exclusively belonging thereto, to the satisfaction of the Board, which shall be free from any erection thereon above the level of the ground, except a sanitary convenience of a kind approved of by the Board.

73. No person shall erect a new building upon any site which has been filled or made up with any material impregnated or mixed with any animal or vegetable matter or refuse until such matter or refuse has been removed

and the excavation filled in to the satisfaction of the Board.

74. No person shall erect any new building at such level that the lowest floor therein cannot be properly drained by gravitation, or on any damp, low-lying site until the site has been filled up with suitable material to such level as the Board may consider necessary.

76. The foundations of the walls of every new building shall be solidly constructed to the satisfaction of the Board.

77. Every new building, the walls of which are constructed of brick, stone or other absorbent material shall be constructed with a damp-proof course to the satisfaction of the Board at least 6 inches above the level of the ground on either side of the wall but not nearer than 3 inches to the lower side of any joist, girder or wall-plate of the lowest floor.

78. The back of every chimney opening from the hearth to a height of 12 inches above the mantel shall be at least 8½ inches thick if in a party wall, or 4½ inches thick if not in a party wall, and no timber or woodwork shall be placed in any wall or chimney nearer than 12 inches to the inside of any flue or chimney opening.

There shall be laid level with the floor before the opening of every chimney a slab of stone, slate, concrete or other incombustible material approved of by the Board at least 12 inches longer on each side than the width of such opening, and at least 18 inches wide in front thereof.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

[90.] Colonial Secretary's Office, Cape Town,
Cape of Good Hope, 24th January, 1910

[1910.]

HIS Excellency the Officer Administering the Government has been pleased to approve of the subjoined Regulations, framed by the Municipal Council of Ceres under the provisions of Acts Nos. 45 of 1882 and 23 of 1897.

NOEL JANISCH,
Under Colonial Secretary.

REGULATIONS OF THE CERES MUNICIPALITY.

RULES OF ORDER.

1. All regulations in force heretofore in the Municipality of Ceres, with the exception of those promulgated under Government Notice No. 1145 of 1908, are hereby repealed, but such repeal shall not affect things done, offences committed or pending under or by virtue of or against any of the said repealed regulations or bye-laws.

(Framed under Act 45 of 1882.)

2. The Chairman of the Council, to be annually elected, shall be styled "The Mayor."

3. All meetings of the Council shall be held in the Municipal Buildings on such day and hour as the Council may from time to time appoint.

4. Special meetings of the Council may be convened by direction of the Mayor, or by requisition of any three Councillors, delivered to the Municipal Clerk at least two clear days before the day of the proposed meeting.

5. The Mayor, or in his absence, the Councillor presiding, shall preserve order, and on all points of order his decision shall be conclusive.

6. At the opening of every meeting the minutes of the previous meeting shall be read and confirmed by vote of the Council, and no motion or discussion shall be allowed on the minutes before confirmation, except as to accuracy.

7. No Councillor shall be allowed to read his speech, and in discussing any question before the Council, every Councillor shall address the Chair standing, and shall not be allowed to speak more than once, except in explanation or with the consent of the Council. The right of reply may, however, be claimed at the end of the debate by the mover of any resolution.

8. If two or more Councillors commence to speak at the same time the Mayor shall determine which is entitled to priority.

9. After any question has been moved and seconded, the motion "That the Council do proceed to the next business," or "That the question be now put," or "That the Council do now adjourn," or "That the consideration of the question be adjourned," may be put and seconded immediately after the conclusion of the speech of any Councillor thereon, and shall be put to the vote at once without discussion either in moving, seconding or supporting; provided that if such motion be lost, no mover or seconder thereof shall be at liberty to move either of such motions a second time in the course of the same debate. If the affirmative votes be in a minority, the debate shall be resumed at the point at which it was interrupted.

10. No person, not a member of the Council, shall be allowed to take part in the debates. Any ratepayer or householder who is desirous of bringing any subject connected with the Municipality to the notice of the Council, may do so either by letter or by personally appearing at any ordinary meeting, after permission obtained from the Council.

11. In the event of any Councillor persistently obstructing the business at a meeting of the Council, or refusing to obey the ruling of the Chairman on any point of order, or declining to withdraw any expression which the Chairman may be of opinion should be withdrawn, such Councillor shall be named by the Chairman, whereupon any two Councillors may move and second the motion, "That the Councillor named by the Chairman be suspended until the conclusion of the business of the meeting," or "That the Councillor named by the Chairman be suspended until the conclusion of the business of the next ordinary meeting of the Council," and such motion shall be put to the vote without discussion, and if adopted by a majority of not less than two-thirds of the Councillors present and voting, such Councillor shall be suspended accordingly, and shall not take part in any

further proceedings of the Council until the expiration of the period covered by the motion.

12. It shall be competent for any Councillor, when he is in a minority on a question which has been decided, to forthwith request that his dissent or protest shall be entered in the minutes of the meeting of the Council in which the decision of the Council is recorded, and such dissent or protest shall be entered accordingly; provided, however, that no dissent or protest shall be allowed to be recorded which casts any improper reflection upon or imputes any improper motive to the Council or any Councillors. If the majority of the Council shall on the motion of any Councillor decide that the dissent or protest contains any such imputation or reflection, the same shall not be entered on the minutes, unless the Councillor dissenting or protesting withdraws the expression which shall have been considered improper.

13. It shall be equally competent for any Councillor, upon a request to enter a dissent or protest, to require to be entered in the minutes any such contra dissent or contra protest as he shall think necessary, provided that the provisions of Rule No. 12 shall govern the entry of such contra dissent or contra protest.

14. Any Councillor may have the names of the Councillors voting for or against any motion decided by the Council recorded in the minutes.

15. Any Councillor wishing to propose any resolution or amendment to any motion before the Council may do so, but if required by the Mayor or Chairman, shall make such proposition in writing.

16. The appointment of the Municipal and other officers shall in each case be determinable by three months' notice from any time.

17. There shall be such Standing Committees of the Council as the Council shall from time to time determine; the Mayor shall *ex officio* have a seat upon all Committees of the Council, and two Councillors shall form a quorum of any Committee. These Committees shall be severally re-constituted at the first meeting of the Council after every annual election of a Mayor, and shall continue to discharge their several duties until so re-constituted, notwithstanding any vacancies which may occur by reason of the retirement of any Councillor at the annual elections or otherwise, provided that there remain a sufficient number of Councillors to form a quorum.

18. The Mayor, and in his absence any two members of the Finance Committee shall have authority to approve the granting of licences for street shows, performances, etc., and the temporary letting of sites upon Municipal lands for such purposes upon such terms as he or they may deem fit, subject to any police regulation or other lawful requirement; and provided no such letting shall be for a longer period than one month. The Mayor, and, in his absence, any two members of the Finance Committee, shall have authority to take action on behalf of the Council in the case of an outbreak of fire, or in any other emergency which may involve expenditure; provided that such action be reported to the Departmental Committee having charge of the several matters or things, at their next meeting. In the event of any urgent payments being required to be made which would ordinarily be authorised by a Departmental Committee, and there being no meeting of the Committee in sufficient time to pass such payments, the Mayor, and, in his absence, two Councillors who are members of the Finance Committee shall be empowered to give the necessary authority to make the payments, and payment shall be made accordingly forthwith; the signature of the Mayor or members of the Finance Committee, as the case may be, shall under such circumstances be accepted by the Finance Committee, in lieu of the signature of the Chairman of the Departmental Committee; provided that all accounts, payment of which is thus authorised, be submitted to the Finance Committee at the first meeting after such payment has been made, in order that the Committee may take cognisance thereof; and such accounts shall be duly signed by the Chairman of the Finance Committee, so that the auditors may have full power to pass such payments upon their periodical examination of the accounts of the Council.

19. All cheques shall be signed by the Town Clerk, and shall be countersigned by the Mayor.

20. The several Standing Committees of the Council shall be empowered to act generally for and on behalf of the Council in relation to any of the matters and things placed under their direction, supervision, or control, as fully and effectually as the Council are authorised to act by any existing statute or regulation, or any statute or

Any person contravening this regulation shall be liable on conviction to a penalty not exceeding two pounds sterling, and the Council may cause such sluices as may be unlawfully erected to be removed at the expense of such owner or occupier.

5. No person shall divert, or cause or suffer to be diverted, any portion of the water allotted to any water erf, to which such person shall not have the right, and shall not in any way hinder or obstruct the flow, or diminish the quantity thereof by reason of the leaky condition of his sluice or otherwise, save and excepting as is provided in the 9th regulation, under a penalty, on conviction, of not exceeding three pounds sterling for each offence; and in case of any such diversion, or hindrance or obstruction of the flow, or diminution thereof through leakage or otherwise as aforesaid being discovered save and excepting as is hereinafter provided, the owner or occupier of the erf or portion of erf contiguous or nearest to the sluice where the same shall be discovered, shall be responsible therefor, and shall, on conviction, be liable to the penalty above provided.

8. When the time allotted for water supply in respect of any water erf shall have elapsed, the owner or occupier of the water erf next in turn shall be entitled to divert the water for his use.

9. Any person may, at all times, take from the dams or watercourses of the Municipality such reasonable quantities of water as may be required for household purposes, or for the purposes of watering trees or plants growing upon Municipal ground within the town, and also for building purposes.

10. No proprietor or occupier of any property entitled to a supply of water shall lead water out of the common watercourse except at a double sluice, to be constructed by him at his own expense, or, in the event of his so desiring, to be supplied by the Council at his cost, the dimensions of which shall be fixed by the Council, properly erected opposite such part of the said property as shall have been approved by the Council.

11. Any person who shall turn or cause to be turned away any stream or part of stream of water to which he shall have no right, or in any way hinder the run or diminish the quantity thereof by the leaky state of his sluice, or otherwise, shall be guilty of contravening this regulation.

12. No person shall damage any public watercourse, sluice, dam, reservoir, pipe, drain, or ditch, or shall willfully waste any public water within the limits of the Municipality.

13. The Council shall appoint places for washing and bathing, and no person shall be allowed to wash or bathe in any other public place or places.

14. Any person who shall hinder or obstruct in any way the person charged with the distribution of water, or with the care of the watercourse, or contravene any of the aforementioned water regulations, shall be liable to a penalty not exceeding £3 sterling.

PREVENTION OF FIRE.

15. For the purpose of extinguishing and preventing the spread of any fire the Council may appropriate the entire water supply for the time being and give such directions as may be necessary, and any person obstructing the Council and disobeying any directions hereunder shall be liable to a penalty not exceeding £5 sterling.

MARKET REGULATIONS.

1. The Council may from time to time, by resolution duly passed, appoint the days, not being Sundays or public holidays, upon which a market shall be held, and the hours for holding the same.

2. In case the market sales shall be by public auction, such sales shall be to the highest bidder, and in case any dispute shall arise between two or more bidders for any article, such article shall forthwith be put up again for sale.

3. All market sales shall be for cash only, unless the seller shall announce publicly through the Market Master his intention to sell on credit, in which case the seller shall be responsible for the amount of fees and dues payable upon the articles sold: Provided that the Market Master may, if he shall see fit, require the purchaser to make the settlement for the purchase through him, and may detain any note or obligation for the purchase money until the seller shall have paid any fees or dues claimable thereon.

4. The Council shall be responsible to sellers on the Market for all cash sales thereon: Provided that in case of non-payment by the Market Master, notice be given by the seller to the Municipal Clerk within forty-eight hours after the sale. All sales on credit shall be at the risk of the sellers.

7. All articles sold on the Market shall, unless otherwise stipulated by the seller at the time of sale, be delivered by the seller within a reasonable time (and a time to be deemed reasonable may, from time to time, be fixed by resolution of the Council) at such place within the limits of the Municipality as the purchaser may direct.

8. Every purchaser on the Market shall pay the amount of his purchase at the office of the Market Master before such hour on the day of sale as the Council may from time to time appoint, and in default thereof will be liable to an additional charge for collection, to be fixed by the Council, but not exceeding two shillings.

The Market Master shall deliver to the sellers respectively account-sales of the articles sold by them, and shall pay over the net proceeds, after deducting the amount of Market dues payable in respect of the articles sold, to such seller within such time as the Council shall by any resolution appoint.

10. The Market Master shall keep a correct account of all sales on the Market, and of all moneys received and paid by him, and shall produce his books for examination when called upon to do so. And such Market Master shall furnish a return periodically, at such periods not exceeding one month as the Council may appoint, of all fees or dues received by him, verified as to the accuracy thereof by solemn declaration, and shall (subject to any agreement between such Market Master and the Council) pay the amount of all fees and dues received to the Municipal Clerk.

29. The Council shall refuse to sanction the keeping of swine, cattle, sheep or goats in any portion of its district where, owing to the nature of the surroundings or the density of the population the keeping of swine, cattle, sheep or goats would be liable to cause a nuisance or danger to health or to interfere with the comfort of the inhabitants, and in no case shall swine be allowed to be kept within a distance of fifty feet, or cattle within a distance of thirty feet, of any dwelling or public building, or in such proximity to any street as to be likely to cause a nuisance or offence.

- (h) Have in connection therewith two nightsoil pails, so that at all times one such pail shall be in place in the closet while the other is in course of being emptied and cleansed. Colonial Secretary's Office, Cape Town,

Cape of Good Hope, 26th January, 1910.

HIS Excellency the Officer Administering the Government has been pleased to approve of the subjoined Additional Regulations framed by the Municipal Council of Humansdorp under the provisions of Acts Nos. 23 of 1897 and 11 of 1909.

NOEL JANISCH,

Under Colonial Secretary.

MUNICIPALITY OF HUMANSDORP.

ADDITIONAL REGULATIONS.

Water Regulations: Use and Distribution of Pipe Supply.

(Framed under Act No. 23 of 1897.)

74. Any person may take water in reasonable quantities for use for domestic purposes from any public taps, provided that no person shall in taking or conveyance of such water cause any nuisance or waste of water.

75. Any occupier or owner of any premises desiring water to be laid on to such premises shall make application to the Council in writing, and such application, if acceded to by the Council, shall be subject to the following regulations hereinafter specified.

76. Any person whose application for a leading has been granted by the Council shall defray the cost of connecting with the Municipal main, and of all pipes, fittings and apparatus used in connection therewith: Provided that the connection with the water main and the portion of the service pipe from the water main to the boundary of the premises shall be carried out by or under the supervision of the Council's officers, as the Council may determine, and at the expense of the applicant. And provided, further, that all pipes, fittings and apparatus on the premises shall be subject to the approval of the Council, and shall be such as to prevent waste of water.

77. No owner or occupier of any premises with a leading shall make any addition to or alteration of any pipe or fittings without the consent of the Council first had and obtained.

78. Any leakage or any waste of water occurring, or any repairs to any pipes or fittings being needed on any premises having a water connection, shall be immediately reported to the Council by the occupier or owner of such premises, and all pipes and fittings on any such premises shall be open to inspection at all reasonable times by any duly authorised officer of the Council.

79. No person other than a duly authorised officer of the Council shall fix, open or shut, any valve or connect any pipe to any main, or interfere in any way whatever with any of the property, pipes, fittings, valves or apparatus or any other matter or thing forming a portion of the Municipal Water Works.

80. It shall be lawful for the Town Council, if there be sufficient water for the purpose, to grant permission to any person having a private water leading to his property for domestic purposes to draw a further supply from the main for the purpose of watering any *bona fide* ornamental flower garden and lawn on such conditions and on payment in advance of such annual charge as may be fixed from time to time and publicly notified by the Council, such charge not to exceed twenty shillings per annum, in addition to the ordinary water rate or charge levied under the next succeeding regulation. Provided that no such person shall permit any water to be drawn off otherwise than by means of a hose with a proper spray attached, and in charge of an attendant; and provided, further, that no such person shall permit any water to run from any hose except through a proper spray.

The Council may from time to time, whenever it shall be deemed necessary for the convenience of the inhabitants, and the proper adjustment of the domestic water

supply system, fix hours for the use of pipe water on flower gardens and lawns, and no person authorised under this regulation shall then use such water on any flower garden or lawn except during such hours as shall be notified by the Council. No person shall permit the pipe water to be used for ordinary irrigation purposes, unless special permission has been first had and obtained from the Council.

81. The Council may from time to time levy a rate or frame and fix a tariff of charges by which the supply of water for domestic, industrial or other purposes shall be regulated within the limits of the Municipality, and the payment for such supply shall be in accordance with such rate or tariff, which shall not exceed one half-penny in the £ on the Municipal valuation, as an owner's rate, or its equivalent as a tenant's rate, but the said Council may specially agree with any person or body corporate for the supply of water upon such special terms as it may deem suitable: Provided, however, that if the Council decide to fix and levy a tariff of charges such shall be publicly notified.

82. Any person wilfully allowing the water to escape and run to waste from any private water service, or from any of the Municipal water pipes, stop-cocks, or stand pipes, shall on conviction be liable to a penalty of not exceeding £3 for each offence.

83. Any person contravening any of the foregoing regulations or obstructing any officer of the Council in the lawful performance of any duty authorised to be performed in connection therewith shall be liable on conviction to a penalty not exceeding £5 for each offence, and in the case of a continuing offence to a daily penalty not exceeding forty shillings, after written notice thereof of not less than seven days from the Council to such person.

Tax on Greyhounds or Bastard Greyhounds.

(Framed under Act No. 11 of 1909.)

84. The owner or person in lawful possession of every greyhound or bastard greyhound within the Municipality shall pay to the Council, at the Municipal Office, an annual tax of five pounds (£5) for every greyhound or bastard greyhound owned by him or lawfully in his possession, which tax shall be payable on the 1st day of January in each year, and at any time thereafter whenever and as soon as any person shall have become the owner or possessed of any greyhound or bastard greyhound.

HENRY JENNER SCORELL,

Commandeur van de Koninklijke Victoria Orde, Ridder van de Hoogst Edele Orde van het Bad, tijdelijk Oudst Militaire Officier in Bevel van Zijner Majesteit's Geregelde Troepen in het Kaap Kolonie Distrikt, Administreerende het Gouvernement van de Kolonie van de Kaap de Goede Hoop, met de Grondgebieden en Aanhoorigheden daarvan, enz., enz., enz.

NADEMAAL bepaald is in het Twee-en-Veertigste Artikel van de Wet No. 35 van 1905, genaamd de "School Raden Wet, 1905," dat de Gouverneur geoorloofd is door Proclamatie regulaties te maken en uit te geven voor het uitvoeren van de verkiezingen van Leden van School Comités en op de zelfde wijze op eenigen toekomstigen tijd eenige der voornoemde Regulaties te herroepen, amendeeren of veranderen, voor de doeleinden van de genoemde Wet:

GOD BEHOEDE DEN KONING!

Gegeven onder mijne handteekening en het publieke zegel van de Kolonie de Kaap de Goede Hoop, dezen 31sten Januari 1910.

H. SCORELL,

Generaal-Majoor,

Officier Administreerende het Gouvernement.

Op last van Zijne Excellentie den Officier Administreerende het Gouvernement in Rade,

N. F. DE WAAL.

No. 38, 1910.

Schedule.

GEAMENDEERDE REGULATIES VOOR HET VERKIEZEN VAN SCHOOL COMITES (OPGEMAAKT OVEREENKOMSTIG ARTIKEL 42 VAN DE SCHOOL RAAD WET NO. 35 VAN 1905, ARTIKEL 6 VAN SCHOOL RAAD WET AMENDEMENT WET NO. 25 VAN 1906, ARTIKEL 47 VAN DE SCHOOL RAAD VERDERE AMENDEMENT WET NO. 45 VAN 1908 EN SECTIE 16 VAN SCHOOL RAAD VERDERE AMENDEMENT WET NO. 25 VAN 1909.)

1. Waar eene verkiezing van een Comité noodig zal worden overeenkomstig de bepalingen van Secties 41 en 44 van de School Raden Wet, 1905, zal de School Raad in welks Distrikt de School in kwestie is gelegen, na het aantal leden van zoodanig Comité vastgesteld te hebben, zijnde niet minder dan drie of meer dan zeven, onmiddellijk een tijd en plaats bepalen voor eene vergadering van ouders en voogden om een School Comité te kiezen, en moet een bekwame Verkiezings Beambte benoemen en last geven, die de verkiezing zal leiden en de Verslaggevende Beambte zal zijn. De aangestelde persoon mag in geene wijze direkt belang hebben bij de verkiezing. Geen onderwijzer van de betreffende school, geen kandidaat, voorsteller of seconderder van een kandidaat is geoorloofd bovengenoemde betrekking waar te nemen.

2. De Verkiezings Beambte moet drie weken kennis geven van zoodanige vergadering door eene kennisgeving vast te plakken, zooals vermeld is in den vorm hierbijgevoegd (in het Engelsch en Hollandsch), op eene in het oog vallende plek aan de School. Verder mag hij, waar het wenschelijk en doenlijk is, het doel, den tijd en plek van vergadering bekend maken in eene Engelsche en in eene Hollandsche

Courant plaatselijk circulerende, en kan ook zoodanige andere middelen van publicatie gebruiken als noodzakelijk zullen gevonden worden.

3. De vergadering van ouders en voogden behoorlijk bijeengekomen zijnde op den bepaalden tijd, zal de Verkiezings Beambte om nominaties vragen: iedere nominatie zal worden gemaakt door een voorsteller en seconderder, beide waarvan ouders of voogden zijn van leerlingen die de school bezoeken waarvoor het Comité wordt aangesteld. Nominaties niet in persoon gemaakt zullen in geschrifte zijn, en de handteekeningen van den voorsteller en seconderder moeten behoorlijk geattesteerd worden.

4. De namen van ouders of voogden ongeschreven in het toelatings register van de betrokken school op den datum van de nominatie van leden voor het School Comité zullen beschouwd worden als de lijst van de personen te zijn, die bekwaam zijn te stemmen bij een verkiezing van genoemd Comité.

5. Als het aantal genomineerd tot leden even groot is als het aantal of minder dan het aantal te worden gekozen door de ouders of voogden, dan zal de Verkiezings Beambte na zich overtuigd te hebben dat de genomineerden en hunne voorstellers voldoen aan de vereischten der Wet, de genomineerde personen onmiddellijk behoorlijk verkozen verklaren, en de namen van de leden aldus gekozen rapporteeren aan den Secretaris van den School Raad: en in geval van eenig dispuut zal de zaak worden verwezen naar den School Raad voor beslissing.

6. Zoo het aantal leden genomineerd minder is dan het aantal leden van het Comité tevoren bepaald door den Raad, zal de Raad op de volgende vergadering het aantal benoemen noodig om het Comité voltallig te maken.

7. Wanneer het aantal kandidaten gevonden is grooter te zijn dan het aantal te worden gekozen, zal de Verkiezings Beambte de behoorlijk gekwalificeerde kiezers tegenwoordig oproepen om (door het opsteken van handen of door een informeel stemming ter plaatse gehouden, zooals de Verkiezings Beambte zal goeddunken) het benodigde aantal leden te kiezen uit de personen behoorlijk genomineerd, en het resultaat van zoodanige verkiezing zal genomen worden finaal te zijn, tenzij eene stemming dan en daar gevraagd wordt door of ten behoeve van een kandidaat. In geval het aantal stemmen van twee of meer kandidaten gelijk is zal de Verkiezings Beambte indien hij het noodig vindt, in zijn tegenwoordigheid laten loten door de kandidaten betroffen of door hunne behoorlijk aangestelde vertegenwoordigers.

8. In geval eene stemming wordt verlangd, moet de Verkiezings Beambte dadelijk een dag voor de stemming bepalen, welke niet minder zal zijn dan twee en niet meer dan drie weken na den datum van nominatie.

9. Waar een verkiezing van leden aldus noodig is, zal de Verkiezings Beambte, binnen één week van den dag van nominatie een stembriefje door de post zenden of overhandigen, zooals gedrukt aan het einde hiervan, aan iederen ouder of voogd die kan stemmen bij de verkiezing van een School Comité en eene lijst zal worden gehouden van de namen en adressen van de ouders en voogden aan wien zoodanige stembriefjes zijn gegeven.

10. Indien een bekwame kiezer zijn stembriefje verliest of bederft of niet ontvangt, kan de Verkiezings Beambte, na daartoe schriftelijk om gevraagd te zijn, een tweede of verder briefje geven, waarvan behoorlijke rekening zal worden gehouden.

11. Een ouder of voogd wiens naam voorkomt op het Toelatings Register van een School waar eene verkiezing van leden van School Comité plaats heeft, zal slechts één enkele stem mogen geven aan ieder der leden te worden gekozen op het Comité, onafhankelijk van het aantal kinderen van zoodanigen ouder of voogd die de School bezoeken.

12. Indien een vader opgeschreven staat in het Toelatings Register als de ouder of voogd van een kind, en voor het zelfde huis de naam der moeder ook op het Register staat voor een ander kind, dan zal een der ouders en niet beide stemmen op de verkiezing van het School Comité, maar de moeder alleen zal het recht hebben te stemmen in het geval van een kind of kinderen van haar bij een vorig huwelijk, met betrekking tot welke haar naam verschijnt op het School Register als ouder of voogdesse.

2. MINISTERIEELE AFDEELING VAN DEN KOLONIALEN SECRETARIS.

13. Het stembriefje kan of door de post gezonden worden aan den Verkiezings Beambte naar zijn adres of aan hem overhandigd worden op de stemplek.

14. Geen stembriefjes zullen worden ontvangen door den Verkiezings Beambte later dan 5 uur n.m. op den dag der verkiezing; evenmin zullen stembriefjes per post door den Verkiezings Beambte ontvangen worden later dan 6 n.m. op zoodanigen dag; en de Verkiezings Beambte zal, onmiddellijk of op den dag volgende de verkiezing, zoodaals hij goed dunkt, de ingeleverde stembriefjes onderzoeken en tellen, in tegenwoordigheid, indien verlangd, van de kandidaten of hunne behoorlijk genomineerde vertegenwoordigers, en het resultaat der verkiezing mede deelen aan den Secretaris van den School Raad.

De ingevulde stembriefjes zullen terwijl zij in de handen zijn van den Verkiezings Beambte behoorlijk worden bewaard, en hun inhoud zal niet worden bekend gemaakt aan iemand anders dan bepaald is in deze Regulaties.

15. Ten tijde van het tellen en onderzoeken van de stemmen vermeld in het vorige artikel kan de Verkiezings Beambte de tegenwoordigheid verlangen van het Hoofd der School met het Toelatings Register, zoodat eenige twijfelachtige punten met betrekking tot de kiezers, zoo mogelijk, kunnen worden opgehelderd. Zoo het aantal stemmen aan twee of meer kandidaten gelijk is, zal de Verkiezings Beambte, indien noodig, laten loten in zijn tegenwoordigheid door de kandidaten betroffen of hunne behoorlijk benoemde vertegenwoordigers ten einde de zaak te beslissen.

16. Indien de Verkiezings Beambte het goedgevindt eenige stembriefjes te verwerpen, zal de reden voor zoodanige verwerpen daarop worden geendosseerd, en zij zullen speciaal terzijde gelegd en gezonden worden aan den Secretaris van den School Raad, tezamen met alle stembriefjes en Verkiezings papieren.

17. In geval de uitslag zoodaals verklaard door den Verkiezings Beambte wordt betwist door een kandidaat, of aanmerking worden gemaakt daartegen, zal geprotesteerd worden aan den Secretaris van den School Raad binnen een week van den datum der verkiezing, en de Raad zal beslissen en indien verdere objectie wordt gemaakt, kan de zaak dan verwezen worden naar den Superintendent-General van Onderwijs voor zijne beslissing.

18. Wanneer een vakature is ontstaan, volgens de omstandigheden gespecificeerd in Sectie 16 de School Raad Verdere Amendement Wet No. 25 van 1909, zal de voorzitter van het Comité, of bij zijn afwezigheid de Secretaris de speciale vergadering bijeenroepen bepaald in dat artikel. Kennisgeving van zoodanige vergadering zal bepalen het doel waarvoor zij wordt bijeengeroepen, en zal schriftelijk worden medegedeeld aan ieder lid van het Comité.

19. De datum van de vergadering zal niet minder dan zeven dagen zijn na den datum van de kennisgeving.

20. De eerste vergadering van het School Comité zal plaats hebben binnen drie weken van de verkiezing op een dag en op eene geriefelijke plek te worden bepaald door den School Raad, en deze bijzonderheden tezamen met de namen van de leden verkozen zullen worden gepubliceerd door den Raad in eene kennisgeving te worden opgeplakt aan de betrokken school ééne week na de verkiezing is gerapporteerd geworden, geen protest intusschen ontvangen zijnde. Verder zullen de gekozen leden in kennis gesteld worden van hunne verkiezing door brief van den School Raad, welke ook den datum zal-bepalen van de eerste vergadering en hunne namen zullen ook worden gezonden aan het Departement. Vergaderingen zullen daarna minstens iedere twee maanden plaats hebben de plek en tijd van bijeenkomst wordende door het Comité bepaald.

21. De verkiezings Beambte moet eene volledige rekening houden van alle uitgaven belopen bij de verkiezing, nemende in all gevallen duplikaat rekeningen, en zoodanige rekeningen moeten worden gezonden naar den Secretaris van den School Raad voor het area.

22. De Verkiezings Beambte moet zich voorzien van een exemplaar of exemplaren van deze Regulatie die ter referentie voor het Publiek zoo veel mogelijk open zullen zijn.

Each article must be delivered upon a written requisition to that effect, signed by the Superintendent or other authorised Officer.

Each article will be received subject to the approval of the Superintendent aforesaid, and of the Medical Officer, who by the standing regulations for the discipline and maintenance of Convicts are held responsible for seeing that the provisions are wholesome and of good quality.

Upon the acceptance of any Tender, wholly or in part, the person tendering and the sureties will be required to enter into a formal contract.

The form of contract, with which the tenderer will be presumed to have made himself fully acquainted at the time of making his tender, may be inspected at any time at the Office of the Superintendent of the Breakwater Convict Station Cape Town.

Producers and Manufacturers in British South Africa will, in connection with the consideration of their Tenders, be given a preference of 10 per cent. on supplies produced or manufactured entirely from articles grown in British South Africa, and 5 per cent. on supplies manufactured in British South Africa from imported ingredients or partially so.

Tenderers must specify whether the items for which they tender are produced from British South African grown or imported articles.

No Tender will be received that is not filled up in the form at the back hereof, which may be obtained on application to the Superintendent.

The expenses of Survey, etc., on the Lot and of the Title Deed (viz., 12s. 3d.) shall be paid to the Civil Commissioner, or other duly authorised person in that behalf, on the day of sale.

The purchaser shall be bound to pass a mortgage bond bearing interest at the rate of four per centum per annum in favour of the Government for four-fifths of the purchase price, unless he shall have paid on the day of sale more than one-fifth thereof, in which case the amount of the bond shall be for the balance of the purchase price, the purchaser having the right to pay off the bond or any portion thereof, not being less than fifty pounds at any time.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the Bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

Each Lot will be put up at the upset price fixed, and the highest bidder who shall have offered not less than such upset price shall be declared the purchaser, and every such purchaser shall have the option of paying either the whole or part of the purchase money on the day of sale: Provided:

- (i) That if no payment be made on the day of sale one-tenth of the purchase price shall be paid at six and one-tenth at twelve months from the day of sale.
- (ii) That if less than one-tenth of the purchase price be paid on the day of sale, the balance of such one-tenth shall be paid at the expiration of six months, and the remaining one-tenth at the expiration of twelve months from the day of sale.
- (iii) That if the amount paid on the day of sale be one-tenth or any sum between one-tenth and one-fifth of the purchase price, the balance of one-fifth of the purchase price shall be paid at the expiration of twelve months from the day of sale.
- (iv) In cases where the purchase-money is less than twenty-five pounds, the whole amount shall be paid in cash, or in three equal annual instalments from the day of sale.

If the purchaser or his sureties fail, or are unable to make the necessary payments of purchase money as above within the stipulated time, it shall be competent for the Government to cancel the sale, and all payments already made in respect of such sale shall be forfeited to the Government.

The expenses of Survey, etc., on each Lot and of the Title Deed (viz., 12s. 3d.) shall be paid to the Civil Commissioner, or other duly authorised person in that behalf on the day of sale.

The purchaser shall be bound to pass a mortgage bond bearing interest at the rate of four per centum per annum in favour of the Government for four-fifths of the purchase price, unless he shall have paid on the day of sale more than one-fifth thereof, in which case the amount of the bond shall be for the balance of the purchase price, the purchaser having the right to pay off the bond or any portion thereof, not being less than fifty pounds at any time.

If the purchaser be desirous of holding the balance of the purchase money on mortgage as above, he will be required to pass the Bond within thirteen (13) calendar months from the day of sale, failing which, a fine of one shilling will be imposed for every day allowed to pass beyond it, up to eighteen months from the date of sale, after which, should such failure still continue, the balance of the purchase money, with interest thereon, and the amount of the fine, if any, so imposed, shall forthwith become due and payable, and shall be recoverable in any competent court of law without further notice, and if not paid within one month after the date of judgment, the sale shall become null and void, and payments already made in respect thereof shall be forfeited to the Government.

MANSKRAAL BRANCH ROAD.**

NOTICE is hereby given, in terms of Section 152 of Act No. 40 of 1889, that it is the intention of the Divisional Council of Aberdeen to apply to His Excellency the Governor for the issue of a Proclamation deviating the following road in the Division of Aberdeen, viz. :—

The proposed deviation commences at a point about 20 yards on the Aberdeen side of the boundary gate between the Commonage and the farm Kruis, and having extended for a distance of about 800 yards (on Commonage ground) to the left of the existing road and boundary fence, crosses the said boundary and continues across the farm Kruis for a distance of about 800 yards, and joins the existing road at the gate on the boundary of the farms Kruis and Allemanskraal, thus making a total length of about 1,600 yards. The portion of the existing road which it is proposed to close is that which lies between the points of divergence and convergence above described, i.e., from a point about 20 yards on the Aberdeen side of the boundary gate between the Commonage and the farm Kruis to the boundary gate dividing the farms Kruis and Allemanskraal. All persons objecting to the above-named deviation are required to lodge such objections, in writing, with the undersigned within three months of the first publication of this notice.

INCOME TAX, 1909.

PUBLIC NOTICE TO MAKE RETURNS.

IN pursuance of "The Income Tax Act, 1909," which imposes an Income Tax upon incomes exceeding £50, arisen or accrued during the year ended 30th June, 1909, and in respect of the occupation of houses during the said year which together with land occupied therewith were of the value of £75, notice is hereby given that the following persons residing in the Division or District of Somerset East, exclusive of the portion forming the Field-cornetoy of Vogel River, are required to furnish at this Office within thirty days of the date hereof, returns for the purpose of the assessment of Income Tax of incomes arisen or accrued to them either personally or in any representative capacity during the year ended 30th June, 1909:—

- (1) Every Public Officer of a Company;
- (2) Every person whose taxable income during the year ended 30th June, 1909, exceeded £300;
- (3) Every other person liable to tax who has not already been assessed for Income Tax in respect of income arisen or accrued or occupation during the said year.

No female whose income during the said year did not exceed £300 is liable to tax, but the income of a woman married with or without community of property, and living

with, or not legally separated from her husband, is deemed to be income accrued to her husband, and such income must be included in his return.

Any person who may not receive a form applicable to his particular case may obtain such form on application to me.

No person is exempted from the penalties in the next succeeding Sections mentioned by reason merely of the fact that

- (1) Such person may prove not to be liable to taxation, or
- (2) That such person may not have been called upon individually to render a Return.

Any person or company making a false return is liable under the said Acts to a penalty of £100, and to be assessed double the amount of Tax to which he otherwise would be charged; and any person whether liable or not liable to tax failing to furnish the prescribed Return within the prescribed time, or to furnish any further or fuller Return required from him, is liable for each offence to a penalty of a fine not exceeding £10, or, in default of payment, three months imprisonment with or without hard labour.

Total	317

The demand during the preceding month was 379.

The number of men sent to definite work by the Labour Bureau was 156 made up as follows:—Buildings trades, 11; engineering trades, 2; factory workers, 12; clerks, canvassers, salesmen, &c., 1; servants (indoor and outdoor), 11; overseers, warders and attendants, 5; farm hands, 0; labourers, 114.

Fifteen women registered their names for employment, and of this number 13 were provided with work as monthly servants and charwomen.

The total number of applications for employment (including renewals) received during the periods under report was 380 of which the following is an analysis:—

	EUROPEAN.		COLOURED.	
	Class I.	Class II.	Class I.	Class II.
Artisans, building trades	5	10	2	25
Artisans, Engineering trades	1	3	4	7
Factory workers (not included in above)	4	7	6	6

Overseers, warders, gangers, etc.	5	3	—	9
Farm hands	—	—	—	15
Labourers and handy-men	18	22	16	163
Totals	45	58	33	244
Grand Total	380			

318 applications were received during the preceding month.

The applications received from employers were slightly less than during December, the falling off being in respect of coloured labourers, many of whom, however, are still in demand for German South-West Africa and the Rand Mines. Among the situations for which suitable candidates were not available were cabinet-makers, boilermaker, card box maker, confectioner, curriers, French polisher, harness-maker, linotype operators, sheet metal worker, and upholsterer. The special work at the Uitvlugt Forest Reserve was concluded on the 8th January, the men (E. 14 and C. 98) being offered employment at other centres. The Railway Relief Works at Dwyka were also closed down, all men electing to do so being transferred to Eende Kuil under similar conditions as regards pay as at the former centre. At the close of the month only 50 relief workers, including 6 able-bodied men, remained at the Oude Molen Relief Camp, this being the lowest number since the commencement of relief works in 1904.

Another of the indications of the improvement in the demand for labour is the short period for which men now remain on the Bureau Register, and there is also a very evident tendency towards increases in the rates of wages paid to artisans and labourers. In this connection the trade dispute which was in progress during the first week of the month between the carpenters and their employers may be instanced, the former being conceded an advance per hour from 1s. 4d. to 1s. 6d., thus gradually approximating to the rate of 1s. 8d. ruling on 18th September, 1908.

BUILDING TRADES: WORK IN PROGRESS.

The undermentioned buildings were in course of erection during the month, the number of men employed being as follows:—

New Church, Somerset Road.—Foreman, 1; bricklayers, 5; carpenters, 3; fixers, 3; stone dressers, 6; labourers, 12. *Messrs. Jagger and Co., St. George's Street.*—Foreman, 1; bricklayers, 7; blacksmith, 1; rigger, 1; carpenters, 7; labourers, 14. *New House, Belmont Avenue.*—Foreman, 1; bricklayers, 3; plumbers, 2; plasterers, 4; labourers, 8. *New Convent, Windsor Street.*—Foreman, 1; carpenters, 4; masons, 7; labourers, 12. *New Shop, Wale Street.*—Foreman, 1; bricklayers, 2; labourers, 14. *Parliament House Foundations.*—Foreman, 1; carpenters, 7; stonemason, 1; labourers, 47. *Messrs. Sanderson and Co., Woodstock.*—Foreman, 1; carpenters, 4; labourers, 8.

BUILDING PLANS APPROVED.

Cape Town.—During the period 1st to 31st January, 1910, 13 plans were under consideration by the City Council, of which 6 were approved, one returned to the architect, and one withdrawn. 44 permits were issued for minor works. The approximate cost of the proposed work is £490.

INDUSTRIES.

Tailoring.—There is a continued improvement in the demand for workers in the "Ready Made" branch, and the Post Order Trade shows no falling off. The local bespoke trade is reported to be poor. **Engineering.**—Generally speaking, there was not so much activity in this industry as during December, some firms having very little work in hand; but there are now indications of an improvement in consequence of fresh orders being put in hand. A vacancy for an engineering smith is reported. **Sail and Tent-making.**—Fair; less work was in hand than during December. **Painting and Decorating.**—Improving. **Saddlery and Harness-making.**—Work is brisk in both of these branches, and a number of men are working overtime. **Bootmaking.**—Very busy. I am informed that the sales of Colonial boots are increasing daily. **Tanning.**—Busy. The price of raw hides is still very high. European markets continuing to purchase all which are offered. **Furniture Manufacture.**—All hands in this industry are still busily employed, and many men are working overtime. Particulars of a vacancy for an upholsterer may be obtained on application at the Bureau. **Joinery.**—A continued increase in the amount of work in hand is reported, the Box-makers being particularly busy. **Printing.**—Compositors were moderately busy with three vacancies. **Machinists, Linotype Operators and Binders** were fully employed, and Lithographers were particularly busy. Particulars of vacancies for men of the latter calling may be obtained on application at the Bureau.

Sheet metal-working.—All hands were busily engaged throughout the month, and there are still vacancies for competent tinsmiths and metal workers. **Brushmaking.**—Brisk. Vacancies exist for two experienced hands and a few respectable youths and girls as apprentices. **Milling.**—Slightly busier. **Fish curing and packing.**—Moderately busy. **Baking.**—Dull, sales of bread fell off considerably after the holidays. **Biscuit-making.**—Only fair, several hands were discharged. **Coach and wagon-building.**—There is still a great lack of orders for new vehicles, especially of the superior kind, but there is a very noticeable increase in the amount of repairs in course of execution. Many jobbing smiths and body-makers have in consequence succeeded in obtaining work, but for the most part at very low wages; in some instances fairly competent artisans have been offered as little as 4s. per diem. **Lead pipe and solder-making.**—Brisk. **Plumbing.**—Slightly busier; a few journeymen and several boys obtained employment. **Shop-fitting.**—A few men were paid off after the holidays, but there would appear to be a gradual improvement in the country demand for office and shop fittings. **Granite dressing.**—About 12 men have

commenced work (at Paarl) on the stone for the base of the addition to the Houses of Parliament. Work on the dam at the Wynberg Reservoir will be concluded in a week or two, but it is considered that the few artisans remaining will have little difficulty in obtaining employment. *Jam-making.*—Busy. *Confectionery.*—Dull.

OTHER WORKS IN PROGRESS.

The following are particulars of Municipal and other works in progress, the number of men employed being stated in parenthesis:—

CAPE TOWN.—*Road making, Bellerue Street* (E. 5, C. 21); *Reclamation of Foreshore* (E. 7, C. 21); *Strand Street Quarry* (E. 6, C. 35). WYNBERG.—*New Reservoir* (E. 34, C. 110).

EENDE KUIL RAILWAY WORKS.

55 Europeans, including 24 married and 31 single men, were despatched to the above centre during the month and were divided into three gangs whose net earnings per head per diem were 4/9, 4/5 and 3/3 respectively.

A few complaints were received from the men that some of their number were unwilling or unable (although passed by the Medical Officer) to undertake the work required, which is at present rock blasting and very hard 'picking,' at piece work rates; but as the majority of these have now left the works, fair rates of pay have since been earned.

RELIEF WORKS.

The following are the statistics in regard to Relief Works:—

Oude Molen.

The applications represented 64 adults (44 European and 20 coloured) and 83 children. 23 applications were received from married couples, 9 from single men, 2 from single women, 6 from widows and 1 from a widower. After due enquiry the deserving cases were referred to the various societies and institutions providing employment and administering relief, or temporarily relieved according to their needs.

OTHER DISTRICTS.

Beaufort West.—The building and retail trades are in a dull condition. There is a slight demand for shepherds. *Bredasdorp.*—The building trade is quiet and there is an ample supply of all classes of labourers. *Britstown.*—There is still a demand for native shepherds. *Calvinia.*—Coloured shepherds are in demand. *Ceres.*—The local supply of salesmen and labourers exceeds the demand. *Craddock.*—There is an excess of artisans in the building and engineering trades, the retail trade is very quiet and labourers are plentiful. *East London.*—Six building plans were approved by the Municipal Council, the approximate cost of the proposed work being £3,100. A number of artisans are still unable to obtain work. Milling engineers are busy and an improvement is reported in the retail trade. Unskilled labourers are plentiful and 35 men are engaged on the Municipal Relief Works. *Fort Beaufort.*—About 100 natives left for work at Johannesburg. *Fraserburg.*—There is a demand for coloured farm hands. *Glen Grey.*—Natives are leaving daily for the Transvaal mines. *Hay.*—There is still a demand for coloured shepherds. *Jansenville.*—There is a slight excess of farm hands. *Kimberley.*—Nothing is being done in the building trade; the retail trade is depressed in all branches, and there is a considerable excess of European and native labourers. *King William's Town.*—There is an excess of labourers. *Mafeking.*—There is a slight demand for farm hands. *Middelburg.*—There is a slight excess of artisans and labourers. *Moltano.*—There is an excess of labourers. *Montagu.*—Various additions to the Public School are in progress, for which the local supply of labour appears to be ample. *Mossel Bay.*—A hospital and a few private residences are in course of erection, the retail trade is quiet and there is an excess of labourers. *Namaqualand.*—There is a scarcity of labourers for the farms. *Oudtshoorn.*—There is an excess of labourers. *Philippstown.*—This being essentially a farming district there is seldom a demand for any but coloured shepherds and domestic servants. *Port Elizabeth.*—There is a marked increase in the number of buildings in course of erection or alteration and many artisans have succeeded in obtaining employment. A few situations for upholsterers and cabinet makers remain unfilled and there is, as usual, a brisk demand for female domestic servants of repute. The local Relief Committee continue to give assistance to a number of distressed families. *Port Nolloth.*—There is a slight excess of labourers. *Prince Albert.*—There is a fair demand for coloured farm

hands and female domestics. *Queenstown.*—The building and retail trades continue in a fair condition, but there is no demand for either skilled or unskilled labour. *Richmond.*—The building and retail trades are in a very quiet condition, and in other respects all demands for labour are easily supplied from local sources. *Simonstown.*—The building and retail trades are in a dull condition. *Stellenbosch.*—There is a slight excess of workers in the engineering trade, but a fair number of coloured labourers have recently left for the Transvaal and German South-West Africa, and the general supply of labour is now tending to equal the demand. *Steynsburg.*—There is an excess of artisans and labourers. *Steytlerville.*—There is an excess of artisans of the building trade, and labourers are plentiful. *Stockenström.*—There is an excess of coloured labourers and farm hands. *Stutterheim.*—A small number of natives proceeded to the mines. *Sutherland.*—Farmers are busily engaged in harvesting, for which a fair supply of labour is available. Female domestics are in demand. *Tarkastad.*—All demands for labour are met by the transfer of natives from the Glen Grey and Queenstown Districts. *Van Rhynsdorp.*—Coloured labourers and farm hands are in demand at 10s. to 15s. per month with food and lodging. *Victoria East.*—There is an excess of artisans and shop assistants. *Victoria West.*—There appears to be a prospect of a good season for the farmers; the veldt and sheep are in good condition and water plentiful. The retail trade is dull, and there is an excess of labourers. *Wynberg.*—There is still an excess of workers in the building, engineering and retail trades, but a sensible decrease in the number of unemployed labourers.

SUPPLY AND DEMAND.

The remaining districts do not need special comment, as the supply of labour is reported to be equal to the demand. The reports indicate that in the undermentioned centres the supply exceeds the demand:—

Building Trades.—Cape, Craddock, East London, Kimberley, Middelburg, Steynsburg, Steytlerville, Victoria East, Wynberg. *Engineering Trades.*—Craddock, Stellenbosch, Wynberg. *Retail Trade.*—Cape, Ceres, Craddock, Kimberley, Victoria East, and Wynberg. *Unskilled Labourers.*—Ceres, East London, Kimberley, King William's Town, Middelburg, Moltano, Mossel Bay, Oudtshoorn, Port Elizabeth, Port Nolloth, Steynsburg, Steytlerville, Stockenström, Victoria West.

The only specific demand is for the services of coloured and native farm hands, shepherds and labourers at Beaufort West, Britstown, Calvinia, Fraserburg, Hay, Jansenville, Mafeking, Namaqualand, Prince Albert, Van Rhynsdorp.

H. B. SHAWE,
Acting Under Colonial Secretary.

REGULATIONS UNDER SECTION 1 OF THE
"JUVENILE AND WOMAN'S IMPRISONMENT
ACT, 1905."

1. The power vested in the Governor by Section 1 of the Act to direct the detention, otherwise than in the common Gaol, pending trial or conveyance, of the prisoners referred to in the said Section, may be exercised on his behalf by any Resident Magistrate; and it shall be competent for any such Magistrate who shall deem it expedient that a prisoner of any of the classes specified in Sub-Sections (1), (2) or (3) of the said Section should be detained elsewhere than in the Gaol, to cause such prisoner to be delivered, after endorsement of warrant as provided in Section 3 of the Act, (a) to such person or institution as may have been approved, in terms of No. 2 of these Regulations, as a custodian or for the custody, for the purposes of the Act, of prisoners of that particular class, in the district concerned; or (b) if no such person or institution has been approved, to any suitable temporary local custodian whom such Magistrate may select for the purpose. Provided that in every such instance the facts of the case shall be reported forthwith by telegram to the Attorney-General; and further that a report in accordance with form A in the Schedule hereto, shall be forwarded by first post to the Colonial Secretary, specifying (1) the name, age and sex of the prisoner; (2) the crime with which charged or of which convicted, and in the latter case, the sentence imposed; (3) the name or designation of the approved person or institution, or, in cases under above clause (b), the name, address and occupation of the selected temporary custodian and the fee, if any, to be paid to such custodian; and (4) the date of delivery of the prisoner to such custodian.

On the arrest—whether with or without warrant—of any male person apparently under the age of sixteen years, or of any female of any age for any crime other than murder, it shall be lawful for an Inspector of Police or Chief Constable or, in the absence of an Inspector or Chief Constable, the senior Police Officer available not being of lower rank than Station Sergeant, if the services of the Magistrate are not immediately accessible for the purposes of this Regulation, to exercise the aforesaid power of delivery of such juvenile or woman to an approved person or institution; and a written order signed by such Inspector of Police or Chief Constable or senior Police Officer specifying the date and place of arrest, the name, description and address of the prisoner, and the offence with which such prisoner is to be charged, shall constitute sufficient authority for detention; provided that the prisoner shall be brought before the Resident Magistrate as soon as practicable, whereupon the matter shall be dealt with by the Magistrate, and the aforesaid order shall cease to be of further legal force or effect.

2. The persons or institutions, to whom or which the prisoners comprised within Section 1 of the Act may be committed for custody, shall, as far as possible, be such persons or institutions, in any district in the Colony, as may from time to time be approved by the Colonial Secretary, after consultation with the Attorney-General, and notified in the *Government Gazette*; and each such notification shall specify the particular class of prisoners to be received by the person or institution named therein, and the district or districts from which such prisoners may be removed to the custody of such person or institution. The charge to be made for maintenance of prisoners, and the general conditions agreed to, as to their care and custody by the person or at the institution concerned, shall be recorded in a written agreement in triplicate, in accordance with form B1 or B2, as the case may be, in the Schedule hereto, and signed by the Colonial Secretary and by the person, or the manager, superintendent or head of the institution concerned, and one copy of the agreement shall be delivered to the Colonial Secretary, one

to the person, or manager, superintendent or head of the institution, and one to the Resident Magistrate of the district respectively; and either party to the agreement may at any time, after one month's written notice to the other party, terminate such agreement. Provided that in the case of prisoners delivered to a temporary local custodian selected by the Magistrate in terms of clause (b) of Regulation 1, the Magistrate concerned shall be empowered to arrange the terms and conditions of custodianship, subject to the charge made not exceeding two shillings per diem for adult prisoners, and one shilling and sixpence per diem for juvenile prisoners. For any charge in excess of the above the special authority of the Colonial Secretary must be immediately obtained.

3. Every approved person, or the manager, superintendent or head of any approved institution, and every temporary local custodian selected by a Magistrate, receiving a prisoner for custody in terms of the Act, shall be required to sign an undertaking, in accordance with form C in the Schedule hereto, agreeing to accept charge of such prisoner: to house, board and maintain the prisoner in proper manner at such charge and under such conditions as may have been arranged with the Colonial Secretary, or with the Magistrate as the case may be, in terms of the preceding Regulation; to exercise such effective control over the prisoner as will afford reasonable security against his or her escape; and to report without delay to the Resident Magistrate of the district in which the prisoner is being detained (a) the escape or attempted escape of such prisoner; (b) the fact that such prisoner is so insubordinate or displays such a disposition to escape that it is expedient that he or she shall be lodged in the district gaol; (c) any accident or serious illness which may befall such prisoner; and (d) the death of any such prisoner.

4. The Resident Magistrate of the district shall (a) on receipt, in terms of the preceding Regulation, of any notice of escape or attempted escape, at once hold such enquiry, *mutatis mutandis*, as is prescribed in the case of the escape of a prisoner from gaol; (b) on receipt of a report, and after having satisfied himself, that it is expedient, for the reasons specified in the previous Section, that any prisoner shall be removed to the district gaol, at once cause such removal to be effected; in which case the original warrant under which the prisoner was held in custody before delivery to a person or institution under the Act shall again operate, and the said Magistrate shall further at once notify the Under Colonial Secretary that the prisoner concerned has been removed to the district gaol; (c) on receipt of a report as to any accident or serious illness, direct the District Surgeon to visit the prisoner without delay and to furnish a report and render such assistance as may be required; (d) on receipt of a report of the death of a prisoner, direct the District Surgeon to proceed at once to the place of custody and make enquiry and hold a *post mortem* examination if necessary. All escapes, illnesses, or deaths, and all accidents to prisoners while in custody of any person or institution under the Act, shall be reported by the Magistrate to the Colonial Secretary precisely as if the prisoner had been at the time in the district gaol.

5. Any person, or the manager, superintendent, or head of any institution, having the custody of prisoners under Section 1 of the Act, shall be empowered to subject such prisoners to reasonable restraint; but any serious breach of discipline, or any crime or offence of a nature demanding that the offender should be placed on trial, shall be forthwith reported to the Resident Magistrate of the district, who shall thereupon deal with the offender as if such breach of discipline, crime or offence had been committed by a prisoner in the district gaol.

6. The Resident Magistrate of the district, or such other Officer as may be appointed by the Governor, shall once in each month, and at such other time as the Colonial Secretary may direct, pay a surprise visit to each person or institution in his district having the custody of any prisoner under Section 1 of the Act; and shall on each such occasion require the production of every prisoner in charge of such custodian and afford each such prisoner the opportunity of making any complaints. Any complaint made shall be investigated by the Magistrate, or such Officer as aforesaid, and he shall also satisfy himself by due enquiry that all the conditions of custodianship are being satisfactorily observed. If such conditions appear to him to be in themselves defective, or to be imperfectly carried out the Magistrate, or such Officer as aforesaid, shall report details to the Colonial Secretary; and he may also at discretion, if he deem it necessary, direct the District Surgeon at any time to visit the person or institution concerned, and to examine any

prisoner in custody thereof, or to investigate any conditions existing at the place of custody which are likely to affect the health of the inmates.

The District Surgeon shall, after each such visit, furnish a report to the Magistrate, or such Officer as aforesaid, who shall thereupon address the custodian of the prisoners, or, if necessary, report to the Colonial Secretary on any points requiring attention. The Inspector of Prisons shall, in regard to all places at which prisoners are kept in custody under the Act, have the same powers as are assigned to him by law in connection with prisons.

7. The custodian of any prisoner under Section 1 of the Act shall be required to allow every facility for the visitation of each such prisoner in his custody by any minister of religion whom such prisoner, or, in the case of prisoners under sixteen years of age, the parent or guardian of such prisoner, may desire to be afforded access to the prisoner for the purpose of imparting religious instruction.

8. All the functions assigned in the preceding Regulations to a Resident Magistrate may be exercised by a detached Assistant Resident Magistrate within the area under his judicial control, or by any Assistant Resident Magistrate to whom the control of the prison of the District has been specially assigned.

No female whose income during the said year did not exceed £300 is liable to tax, but the income of a woman married with or without community of property, and living with, or not legally separated from her husband, is deemed to be income accrued to her husband, and such income must be included in his return.

Any person who may not receive a form applicable to his particular case may obtain such form on application to me.

No person is exempted from the penalties in the next succeeding Sections mentioned by reason merely of the fact that

- (1) Such person may prove not to be liable to taxation, or

Any person or company making a false return is liable under the said Acts to a penalty of £100, and to be assessed double the amount of Tax to which he otherwise would be charged; and any person whether liable or not liable to tax failing to furnish the prescribed Return within the prescribed time, or to furnish any further or fuller Return required from him, is liable for each offence to a penalty of a fine not exceeding £10, or, in default of payment, three months' imprisonment, with or without hard labour.

6. MINISTERIAL DIVISION OF SECRETARY FOR AGRICULTURE.

[283.]

Surveyor-General's Office,
Cape Town, 23rd February, 1910.

[1910.]

IN terms of Section 4, Act 26, of 1891, as re-enacted by Act No. 18 of 1897, it is hereby notified that the following piece of Crown Land, situate in the Division of the Cape, will be offered for Lease, by Public Auction, in front of the Civil Commissioner's Office, at Cape Town, at 11 o'clock a.m., on Thursday, 24th March, 1910, subject to the conditions and stipulations hereunder contained, and further to such conditions as may be declared on the day of Sale.

The Land will be let on Lease for any term not less than one year and not exceeding five years, to the highest bidder who shall have offered not less than the upset rent of £86 per annum, the term of lease to commence from the 1st of May, 1910.

The following are the Conditions of the Lease:—

1. One year's rent shall be paid to the Civil Commissioner on the day of Sale, and if the term of the Lease shall exceed one year the due payment in advance of the rent for the subsequent year or years shall be secured by approved sureties; provided that the Civil Commissioner may receive two years' rent in advance, in which case the said security shall not be required.
2. The Government reserves the right of terminating the Lease should it be thought expedient to sell the land or other circumstances render it necessary or expedient at any time, at two months' notice; and in such case the proportion of paid rent for any unexpired portion of the current year shall be refunded to the Lessee.
3. The site leased shall be used only for the purpose of Refreshment Rooms.
4. That only such refreshments shall be sold as may be approved by the Government, at prices to be fixed by them, not exceeding the tariff at present used by Mr. Jacob Lurie, the present occupier.
5. That the Government shall have the right to cancel the Lease if the Refreshment Rooms be not properly conducted, or if they be not kept open throughout the term of the lease in a proper manner for the convenience of the public.
6. The Lessee shall not be entitled, at the expiration or other termination of his Lease, to any compensation for improvements effected on the Land, but he will be allowed

a reasonable time within which to remove all buildings, etc.

7. The Government does not undertake to furnish the Lessee with a right of way from the Camps Bay Road.

8. The Lessee shall not transfer the Lease or sublet the land or any portion of it, or any buildings or erections thereon, without the written sanction of the Government first obtained.

9. The Lessee shall be bound to protect the beacons defining the limits of the land so leased from injury or removal.

10. The Lessee shall wholly and absolutely forfeit his Lease upon the breach of any conditions binding him.

11. The Government reserves to itself the right to limit the number of persons who may reside on the land hereby leased during the subsistence of the lease, and, upon the recommendation of the Divisional Council, after due enquiry made with cognisance of the Lessee, either to remove such numbers of persons as it may consider excessive or to cancel the lease as may seem to it equitable under the circumstances.

12. The occupation of land under this Lease shall not be held to be *bona fide* occupation under the provisions and for the purposes of Section 20 of Act No. 40 of 1895.

13. The improvements on this land are valued at £1,050 and this amount shall be payable by the Lessee, not being the improver, within one month from the date of Lease—the Lessee being bound to produce two good and sufficient sureties, to the satisfaction of the Civil Commissioner, for the due payment thereof.

14. The Lessee will be required to pay, on the day of sale, the sum of £16 to cover cost of survey and other expenses incurred by the Government.

Other conditions may be declared on the day of Sale. The Stamps required by Act No. 20 of 1884, to be affixed to the Contracts of Lease, will be furnished by the Government free of charge to the Lessee.

OVEREENKOMSTIG artikel 11., Wet No. 15 van 1887, zooals geamendeerd door artikels IV., V., en VI., van Wet No. 40 van 1895, wordt hiermede ter algemeene informatie bekend gemaakt dat de volgende Perceelen Kroonland, gelegen in de Afdeeling Namaqualand, bij publieke veiling te koop aangeboden zullen worden voor het kantoor van den Civielen Commissaris, Namaqualand, om 10 uur v.m., op Vrijdag, 20 Mei 1910, onderhevig aan de voorwaarden en bepalingen in bovengemelde wet en de algemeene koopcondities uiteengezet, en verder aan zulke voorwaarden als op den verkoopdag mogen genoemd worden.

Ieder Lot zal te koop geboden worden tegen den vastgezeten inzetprijs, en de hoogste bidder, die niet minder dan dien inzetprijs zal geboden hebben, zal de koper verklaard worden, en zoodanige koper zal de keus hebben of het geheel of een deel van de koopsom op den koopdag te betalen: Met dien verstande:

Als de koper of diens borgen feilen, of niet in staat zijn de noodige betalingen van de koopsom als bovengenoemd binnen de gestelden tijd te doen, zal de Regeering het recht hebben den koop nietig te verklaren, en alle betalingen reeds gedaan ten opzichte van dien koop, zullen aan de Regeering vervallen.

De uitgaven van opmeting op elk perceel en van den Grondbrief, nam., 12s. 3d., zullen aan den Civielen Commissaris of andere ten dien opzichte wettelijke geauthoriseerden persoon, op den koopdag betaald worden.

De koper is verplicht een verband te passeeren, gevende interest tegen vier per cent. per jaar, ten gunste van het Gouvernement voor vier-vijfde van den koopsom, tenzij hij op den koopdag meer dan een-vijfde daarvan betaald hebben zal, in welk geval het bedrag van het verband voor de balans van den koopsom zijn zal, hebbende de koper het recht het verband of eenig deel daarvan, zijnde niet minder dan vijftig ponden in eens, af te betalen.

Mocht de koper de balans van de koopsom op verband willen houden, als bovenvermeld, zal hij het verband moeten passeeren binnen dertien (13) maanden van den koopdag, in gebreke waarvan een boete van een shilling opgelegd worden zal voor iederen dag, die daarboven voorbijgegaan is tot op achttien maanden van den datum der verkoop; na welken tijd, mocht er nog geen verband gepasseerd zijn, de balans van de koopsom, met interest daarop, en het bedrag van de boete, aldus opgelegd, zoo er eenige is, terstond vervallen zal en betaald zal moeten worden en in ieder bevoegd gerechtshof zonder verdere kennisgeving opgevorderd zal worden; en indien niet binnen een maand na datum van vonnis betaald, zal de koop van nul en geener waarde worden, en reeds gedane betalingen zullen aan de Regeering vervallen.
